Are you planning to stay more than a year?

Residence permits

Which kind of permit do you have, and for how long is it valid? If you are not an EU/EES citizen, you will need to make sure your permit to stay in Sweden here is up-to-date. The immigration board in Sweden is very particular about when renewal applications are filed, and you can apply six months before the current one expires. Make sure your renewal application is submitted to the Immigration Board before your current permit expires.

https://www.migrationsverket.se/English/Private-individuals.html

Once your permit is renewed, you will also need to renew your permit card. To do this, make an appointment with the Immigration Board. Book an appointment before you visit the Swedish Migration Agency.
The closest office is located here;
Hedenbrovägen 4
Opening hours Monday-Friday at 09.00-15.00

Home insurance

If you are planning to stay more than a year, it is good idea to get a private home insurance policy, especially if you are bringing a spouse of family. The home insurance will protect your valuables if they get stolen or damaged. A home insurance also assists you if you get sick while on vacation (but not in your home country).

Contact an insurance company for a quote (ask about special offers for students!).
